THE LUMPIA SHACK

Another Day. Another Lumpia.

WHO ARE WE?

- **-Niko and Roland-**

Cousins that are full of motivation and determination put their minds together and pursued something they have always dreamed of. Something that they both realized they had a lot more in common than just the family tree, and well this business was the perfect result of these ingredients: mingling with people, enjoying the fun at social events, a bright future it carries, delicious Filipino food, and of course a whole lot of LUMPIA!

FUNDRAISING

The Lumpia Shack is targeting their attention to fundraising events. These special events share the same interest as us: determination. We admire groups that work hard to organize an event which will benefit toward a goal or a purpose.

We care! We would like to be there.
Please contact us immediately.

The Lumpia Shack donates 15% of sales back to the organization.
